## **“PUBLIC HEALTH CENTRIC : GOVERNANCE - FOR EQUITABLE HEALTH DEVELOPMENT”.**

A range of collaborative governance mechanisms has developed in many policy arenas in the past. Adaptation of governance is driven by the changing nature of societies and the challenges they face. Two challenges go hand in hand:

1. The governance of the health system and the strengthening of health system, which is called health governance; and
2. The joint action of health and non-health sectors, of the public and private sectors and of citizens for a common interest in what is called governance for health.

Health 2020 must therefore involve partners from beyond the health sector to reach out to heads of government, parliamentarians, business leaders, mayors and citizens.

We are privileged to host 18<sup>th</sup> Maharashtra State Joint Conference of IAPSM & IPHA – 2017 at the esteemed Institute of **MGM Medical College, Aurangabad** . We take immense pleasure in inviting you to the conference to be held on 20<sup>th</sup> & 21<sup>st</sup> January 2017 which will be preceded by pre-conference workshops on 19<sup>th</sup> January 2017.

We are planning an exciting scientific programme promoting a healthy debate & dialogue. We intend to learn, discuss & update our knowledge to broaden our vision in the field of Community Medicine & Public Health. We assure you the great hospitality and academic feast with eminent faculties in the field. Moreover the pleasant weather in the month of January will make your stay joyful & comfortable.

Awaiting for your arrival & early bird registration.

Warm regards,

Organising Committee
